REQUEST FOR 8TH GRADE STUDENT ELIGIBILITY

The following ASAA member high school had 30 or less students enrolled in grades 9-12, or 15 or less boys or 15 or less girls, as reported to the state Department of Education and Early Development during October of the previous school year (see Exceptions below). Alternative education program students who participate in a member school's interscholastic activities program under AS 14.30.365 will be added to the school's October count to determine a school's eligibility to use 8th grade students, beginning in 2014-15.

Exceptions:

-If the current school year's October count is lower than the previous year's, it may substitute as the official count for purposes of this section.

-If a school's enrollment in grades 9-12 for the previous or current school year is higher than 20 students due to enrolled, ineligible 5th year seniors, as verified by the superintendent, and if the school would otherwise have qualified to have 8th grade students participate under Article 12, Section 2 D., Use of Junior High or Middle School Students, the superintendent may request that the ineligible 5th year students not be included in the total enrollment number for the purpose of this section.

Verification:

I request that enrolled 8th grade students be allowed to participate under the provisions of Article 12, Section 2, and I understand that those 8th graders will not count in the high school's enrollment for classification purposes.

Please complete this form and attach a list of eligible 8th grade students who wish to participate.
