Staff Connections

YUKON-KOYUKUK SCHOOL DISTRICT

News from the Superintendent

Congratulations YKSD basketball players and coaches for a successful 2013 season! Huslia Girls and Minto boys deserve special recognition for making it to the state tournament in Anchorage. Congratulations and good luck!

School board members and CSC members exemplify local citizen control and decision making in education. They spend hundreds of hours and an immeasurable amount of energy to assure that our schools are providing the best education possible for the children of our community.

These are men and women elected to establish the policies that provide the framework for our public schools. They represent you, and they take this responsibility seriously by attending lengthy meetings, conferences, and institutes where they broaden their knowledge about education; during numerous conversations about the schools; and before the Alaska Legislature.

Our YKSD Regional School Board is one of fifty-three such boards across the state. These boards enable us to have local control of the public schools, meaning that decisions on school programming are made by local, elected representatives who understand the community's unique problems, values, cultures, and circumstances.

It's a tradition that began more than 200 years ago. With the advice and counsel of the educational professionals they hire, our school board has an impact on virtually every aspect of our schools. It's a huge responsibility and one that should not be taken lightly.

Too often we neglect to recognize the dedication and hard work of these men and women who represent us. The staff and students of our school district are asking all local citizens to take a moment to tell a school board member and CSC member "thanks for caring about our children's education."

So hats off to the dedicated men and women who make it possible for local citizens to have a say about education in our communities. We salute the public servants of Yukon Koyukuk School District whose dedication and civic responsibility make local control of public schools in our community possible. We applaud them for their vision and voice to help shape a better tomorrow.

Thank you to our YKSD School Board and CSC Members. Listed below are the names and regions represented of the Regional School Board:

Maurice McGinty, Chair, Nulato, Kaltag, Ruby and Koyukuk
Eleanor Yatlin, Vice Chair- Huslia, Allakaket and Hughes
Dian Gurtler, Treasurer- Minto, Manley and the Highway Area
Christina Semaken, Secretary Nulato, Kaltag, Ruby and Koyukuk
Eileen Jackson - Huslia, Allakaket and Hughes
Shirley Kruger - Nulato, Kaltag, Ruby and Koyukuk
Wilma David -Minto, Manley and the Highway Area

Announcing....

We will be doing the 4th Annual Virtual Pizza Party for SBA testing this year. Students on the AWSC will be helping to pick the prizes, so if you have any ideas please relay them to your site representatives. More information to come....

Upcoming Events:

- SBA & HSGQE testing is April 2-5
- Spring MAP Testing window for grades 3-11 is April 22-May 3
- Spring AIMSweb Testing window for grades K-2 is April 29-May 10

State & Federal Programs

PEP Grant Update:

All students at our river schools were given a second opportunity (Feb 19-21) to again record their steps through the use of pedometers. Just like in November, the goal for our students was to wear their pedometers for three consecutive days to see how many steps they actually took. Once again, we received positive feedback and stories were shared about students

competing against one another to see who could take more steps. School staff at some of our schools even got involved and wore their pedometers too! Everyone who participated all three days of this activity (students and staff) will receive a \$10 iTunes Gift Card. Great job to everyone for their participation! There will be one more round of the pedometer activity this spring, **so get your walking legs ready!!**

Migrant Book Update:

The second distribution of books was sent out on Monday, March 4, 2013. The first distribution of

books were sent out to school sites in December, shortly before winter break. The selection of books varied greatly. Books were purchased for all students from pre-k to high school. According to teachers, their students liked being able to choose their own book from the selection that was sent out. We will have another distribution of books in the spring.

Submitted by Gina Hrinko & Laurie Beam

Congratulations on completion of the School Climate and Connectedness Survey, the window officially closed on March 1 at 5 pm. Participation throughout the district is at least at an average of 67% (many are higher), great job at the sites for getting this done. Students who participated in the anonymous survey will be entered into drawings for iTunes cards next week.

Migrant Education

Federal Program Site Visits

In February and March, Rachel Reilly and Kimberly Barnes will have the distinct pleasure of travelling to Allakaket, Ruby, Koyukuk and Kaltag to work with the staff and students in the Pre-K and elementary classrooms. Their focus will be on effectively using the *Open Court Reading* curriculum, differentiation and classroom management.

They will also be following up with the teachers on their progress towards achieving the goals they set together during the pair's initial visits in October. Rachel and Kimberly are very pleased with the great progress the teachers and aides have already made, and they are looking forward to helping them set new goals for the remainder of the year!

Through the PEP grant, Mike Hajdukovich and his Challenge

Life team have already begun their second round of visits to each of the sites! He visited the Minto and Manley students in January and worked with the community in Koyukuk in February. He is looking forward to firing up the students and staff in Nulato in March, inspiring crowds in Huslia, Hughes and Allakaket in April, and ending the year with a bang in May in Ruby and Kaltag! We're so thankful that he's working diligently with our students and staff to help them establish and maintain lifelong, healthy habits.

Submitted by Rachel Reilly

Curriculum Cures

Curriculum Vocabulary

The Alaska EED is encouraging educators to use the following descriptions. Please strive to be consistent in our use of these terms.

Curriculum – What our students should know and be able to do...the entire sum of our lessons and teachings. The end goal of what we want our students to learn.

Instructional Materials – The tools (textbooks, workbooks, computer programs, etc) we use to help us teach the curriculum.

Standards – Content Standards established by the State of Alaska.

New Alaska State Standards

The State of Alaska will put into operation new, more rigorous, Math standards and Language Arts standards beginning in 2015. YKSD is following the EED rec-

ommended process of a three phase implementation spread out over three years. We are currently in the "Awareness" phase of implementation. Earlier in the school year, each teacher was sent a copy of these new standards. Later this Spring, a webinar will be scheduled to give all of us an introduction to the new standards. More detailed information on these standards can be found at <http://education.alaska.gov/standards/toolkit.html>

Language Arts Curriculum

A big thank you to the members of the Language Arts Curriculum Committee. They are in the process of reviewing our curriculum and new instructional materials to be used beginning in the fall of 2013. The new instructional materials will need to be as closely aligned to the new state standards as possible. The team is being advised by EED representatives as they go through this process.

Science Curriculum

Soon, the Science Curriculum Committee will be meeting to discuss the direction of our secondary science curriculum and instructional materials. Please contact Chane Beam if you would like to be considered for that team.

Submitted by Chane Beam

Awareness

Phase Goal:

All district
leaders and
teachers
understand the
rationale for new
standards,
language,
structure, and
major shifts of
the Alaska
Standards for
ELA and Math.

Career & Technical Education

Lots of different Career & Technical Education activities have been taking place. Five students attended an orientation in Fairbanks for the UAF courses: Professionalism in the Healthcare Workplace, First Aid and CPR, and Introduction to Health Careers. All five students obtained 0.25 high school credits, 1 UAF credit, and their American Heart Association Heartsaver First Aid and CPR course. The stu-

dents are completing the other courses via distance education. Two middle school students attended a weeklong Robotics Intensive Session in Fort Yukon. The students assembled robots and even designed robotics controlled by computer. Three students attended Welding I and Welding II Intensive Sessions in Fort Yukon. Welding I focused on small-scale projects, while in Welding II they are cre-

ated large projects. One student attended the Computer Applications/MS Office Intensive Session in Fort Yukon and is building her computer skills.

The upcoming Intensive Sessions in Fort Yukon are HSGQE Academy on March 25-29th, Introduction to Tribal Management on April 25-29th, Alternative Energy Systems on May 3-8th, and Fire Science Academy I on May 3-5th. To attend students submit an application packet, go through a review process, and be selected.

Another upcoming activity is the 'Crossing Our Bridges' Health Academy on April 15-26 in Galena. Students will obtain their Emergency Trauma Technician Certification as well as complete the UAF course Professionalism in the Healthcare Workplace.

Applications packets are being sent out and due back by March 15th. Up to twelve 10th-12th graders may attend this camp.

Advanced Camp Kick Ash will take place March 20th – April 13th in Aniak and Anchorage. After completing three and one-half weeks of intensive work, a written test, and hands-on practical students will obtain their Emergency Medical Technician (EMT) certification. A total of four students may attend this session.

Senior Fly-in a Success!

Once again the counseling department hosted its 4th annual Senior Fly-In in Fairbanks, February 18th 21st! This event focuses on helping our leaders of tomorrow to explore and finalize their post-secondary goals whether they include entering the workforce, joining the military, attending technical college, joining the JobCorps, or pursuing a four-year degree. In addition, seniors also participated in a number of classroom activities aimed at increasing awareness of topics related to being successful after graduation including: budgeting/managing expenses, participating in mock-interviews, making healthy choices and learning how our actions today can influence so much in the future!

As always, the counseling department strives to help all our seniors be successful in their goals and this year we are pleased to announce we've taken this a step further. Due to early planning, three YKSD seniors who have already applied to college, utilized some of their time to work directly with Rural Student Services at UAF to take necessary placement exams to better determine course placement for the fall! This is very important as one of the Senior Fly-In's goals is to help our students "get results" while they are visiting Fairbanks. Ideally, we would love to have EVERY senior finalize his or her plans and sign-up, register, or enlist in programs after graduation while attending the

Fly-In as our Regional School Board strongly supports our students being active after graduation!

Thank you to all YKSD staff who assisted our seniors completing their Fly-In applications and recommendations! Special thanks to Jolene McGinty, Susan Paskvan and Patty Woody for serving as mock-interviewers during our event and for all those who support and recognize the efforts of the Senior Fly-in!

Congratulations to Molly Stickman and Oscar Penn for winning the Virtual Grocery Shopping Competition at Safeway!

Keith Nickoli (Kaltag) and Cesa Moses (Allakaket) watch Oscar Penn (Allakaket) fuse two sections of pipe together at the Laborer's Union Training Center.

Phlight Club—Minto

Thank you for the Minto School for hosting another successful Phlight Club. A total of 48 participants traveled to Minto for Phlight Club. Students were from Minto, Manley, Allakaket, Huslia, Hughes, Ruby, Kaltag, Nulato, and Koyukuk. The first night visitors were welcomed with a community cover dish and did some activities with the students (pictured below).

I would like to thank the Minto School and staff for hosting us, the Minto City Council for allowing us to use the Community Hall during the school day, the Minto Worship Center, the Minto Lodge for cooking all the meals, the Minto Village Shuttle for driving us safely between FAI-MNT, and to all the chaperones: Danielle Esmailka, Jolene McGinty, Susan Paskvan, Michele Sturdevant, and Gerald Patsy. Also would like to thank Michael Hajdukovich of Challenge Life for participating as well. On the last day we had a Winter Ball, students on the AWSC picked the theme, thank you to Susan for taking the pictures. There was a whole section on Phlight Club featured in the Newsminer this past weekend, here is the web address: http://www.newsminer.com/features/our_town/stories_of_our_town/article_c056a920-8312-11e2-a7d7-0019bb30f31a.html

Future Educators of Alaska Statewide Conference

The Future Educators of Alaska 2013 statewide conference will take place at the Captain Cook Hotel in Anchorage April 11-13, 2013 during the ATP Job Fair. High school students currently enrolled in FEA are eligible to attend. Applications will be due back March 22nd to allow for travel booking. We currently have students enrolled and advisors in Kaltag, Allakaket, Minto, Koyukuk, and Huslia. If you have any questions on the reporting or would like to share ideas please contact Andrea Durny at adurny@yksd.com.

Area Wide Student Council

Students who currently sit on the AWSC are eligible to attend the 2013 Alaska Association of Student Government Spring Conference at Tri-Valley High School April 11-13. Applications are due prior to spring break. This year's theme is: **Be The Change!** It is going to be a packed conference with superb speakers and experiences. Ted Wiese will be the keynote for the duration. Ted will offer a leadership training on Thursday morning, April 11, and keynotes and workshops throughout the conference. You can learn about Ted's message at <http://www.heartedtalk.com>. Another guest speaker at the conference will be Evon Peter, from Arctic Village. Evon has developed programs for high school students to learn how to Lead thru Action, and Evon will speak on Friday. Learn more about Evon at <http://www.evonpeter.net>

The AWSC is a student advisory board made up of at least one student representative from each site and the group meets once a month over video conference to generate the Student Board Report. Here is the schedule of remaining meeting dates:

Thursday, March 21 @ 2:00pm

Thursday, April 25 @ 2:00pm

May We Introduce.....

Youyu Zhao

My name is Youyu Zhao. I was born and raised in Xi'an, China and I got my Bachelor Degree in Bio-engineering at Northwest University in my home city. I came to the United States 7 months after my graduation to experience something new and exciting. I moved to Philadelphia and worked as an au pair for 2 years. I love working with children and teaching them new things. While I was an au pair, I started to take some behavioral science classes at a local college to fulfill my interests and improve my child-care knowledge. After the program, I went to school in Philadelphia earning my Associates Degree in Social/Behavioral Sci-

ence. I also had a wonderful opportunity to work as an International Student Services Assistant on campus while I was going to school.

I recently moved to Fairbanks to be with my boyfriend Omar, who is a Soldier stationed at Fort Wainwright. I've been to Fairbanks twice before – once before my boyfriend went to Afghanistan and again when he finally got back in May! So far I love it here! On my free time I like to ski, ice fish, and take pictures of the Northern Lights. I am very lucky to work at YKSD Special Education /Support Services Department. And I am

looking forward to get to know you all!

Dr. Karen French

New to Hughes for the rest of the school year is Dr. Karen French. She has worked in Nulato and Kaltag for YKSD in past years.

Karen is quite an adventurer. In the last 3 years she has travelled to: Galapagos, South America, Antarctica, Amazon River and Egypt.

She has Frenchy's Adventure Bed & Breakfast in Anchorage and is often found in Clearwater,

Florida, where her mom now lives.

Karen is excited to be teaching in Hughes and has been welcomed well by the community. She will be teaching Zumba for fitness in the evenings to all who are willing!

Learning in Hughes

All is well at Johnny Oldman School in Hughes. The High School English students have been reading and studying Huck Finn. They are enjoying the way they talk in the book! Next we will be reading Among the Impostors. This is book two in the Shadow Children sequence, and has been a special request from the students.

Dr. French is doing a letter a day to reinforce letter names and sounds with the younger students. She brings in apples for A, while sharing pictures of alligators, Amazon and acorns. For D, the students swam with dolphins (in their minds), wrote notes to dad and delivered delicious delicacies to the older students! Learning is alive and well in Hughes!

"Students are becoming grounded in their cultural heritage and their community."

All Dogs Go to Heaven

How is a dog sled race like a classroom? Students learn about relationships and teamwork by handling a team of dogs. Dog yards house the adventurous, dependable, fearless, independent, persistent, and charming. Also, the lazy, cowardly, quarrelsome, surely, and downright unfriendly. Somewhat like my English class. But the good musher must get the most out of them all, perhaps even sing a little song to keep spirits up along the trail.

So what is all the yipping, yapping, and yelping about in Huslia this winter? It is the wild symphonic sounds of four dog yards, canine athletes itching to run. They tug impatiently at harnesses, tethered to sleds where the combined community gathers, sit in their insulated snowsuits, brace against subzero temperatures and wind. The count down begins as handlers restrain the runners' premature starts. And then, they're off. What, a

high school class? Yes, this is the focus of the second semester Veterinary Science Class.

How fortunate are we to be paired with George Attla, Kathy Turco, and their furry, four legged sprinters in this new program to reignite the love for racing in the youth of Huslia. Every Tuesday and Thursday, seventeen students don their winter gear and trudge to George Attla's, Floyd Vent's, Wes Henry's, or Wilson Sam's dog yard. Students have learned dog yard maintenance, nutrition, care, restraint, and racing equipment. More important, however, is how the students are becoming grounded in their cultural

heritage and their community. They have assumed an important role in their life-long obligations as community members.

But what I have witnessed personally is pride, pure joy, great respect, and love for this sport and all that is involved. By the way, we had one student, Bruce Sam attend the Junior Quest. This week, February 25-28, Jazmyn Vent, Courtney Agnes, Thomas Henry, and Dustina Sam are representing Huslia and Jimmy Huntington School in the Junior American in Fairbanks. My wish is that this is only the beginning.

How do others see you?

This is very interesting! Don't be overly sensitive. The following is pretty accurate, and it only takes a couple of minutes to complete. Answers are for who you are now, not who you were in the past. This is a real test given by the Human Resource Dept. at many of the major corporations today. It helps them get better insight concerning their employees and prospective employees. Be honest!!

1. When do you feel your best?
 - a. In the morning
 - b. During the afternoon & early evening
 - c. Late at night
2. You usually walk
 - a. Fairly fast with long steps
 - b. Fairly fast with short steps
 - c. Less fast head up looking the world in the face
 - d. Less fast head down
 - e. Very slowly
3. When talking to people you
 - a. Stand with your arms folded
 - b. Have your hands clasped
 - c. Have one or both your hands on your hips
 - d. Touch or push the person to whom you are talking
 - e. Play with your ear, touch your chin, or smooth your hair
4. When relaxing you sit with
 - a. Your knees bent with your legs neatly side by side
 - b. Your legs crossed
 - c. Your legs stretched out or straight
 - d. One leg curled under you
5. When something really amuses you, you react with
 - a. A big appreciative laugh
 - b. A laugh but not a loud one
 - c. A quiet chuckle
 - d. A sheepish smile
6. When you go to a party or social gathering
 - a. Make a loud entrance so everyone notices you
 - b. Make a quiet entrance looking around for someone you know
 - c. Make the quietest entrance trying to stay unnoticed
7. You're working concentrating very hard and someone interrupts you, do you
 - a. Welcome the break
 - b. Feel extremely irritated
 - c. Vary between these two extremes
8. Which of the following colors do you like most?
 - a. Red or Orange
 - b. Black
 - c. Yellow or light blue
 - d. Green
 - e. Dark blue or purple
 - f. White
 - g. Brown or Gray
9. When you are in bed at night in those last few moments before going to sleep, you lie
 - a. Stretched out on your back
 - b. Stretched out on your tummy
 - c. On your side slightly curled
 - d. With your head on one arm
 - e. With your head under the covers

10. You often dream that you are
 - a. Falling
 - b. Fighting or struggling
 - c. Searching for something or somebody
 - d. Flying or floating
 - e. You usually have dreamless sleep
 - f. Your dreams are always pleasant

Total _____

Over 60 Points: Others see you as someone they should "Handle with care". You're seen as vain, self-centered, and who is extremely dominant. Others may admire you, wishing they could be more like you, but don't always trust you, hesitating to become too deeply involved with you.

51 to 60 Points: Others see you as an exciting, highly volatile, rather impulsive personality: a natural leader, who's quick to make decisions, though not always the right ones. They see you as bold and adventure-some, someone who will try anything once: someone who takes chances and enjoys an adventure. They enjoy being in your company because of the excitement you radiate.

41 to 50 Points: Others see you as fresh, lively, charming, amusing, practical, and always interesting; someone who's constantly in the center of attention, but sufficiently well-balanced not to let it go to their head. They also see you as kind, considerate and understanding, someone who'll always cheer them up and help them out.

31 to 40 Points: Others see you as sensible, cautious, careful and practical. They see you as clever, gifted, or talented, but modest. Not a person who makes friends too quickly or easily, but someone who's extremely loyal to friends you do make and who expect the same loyalty in return. Those who really get to know you realize it takes a lot to shake your trust in your friends, but equally that it takes you a long time to get over it if that trust is ever broken.

21 to 30 Points: Your friends see you as painstaking and fussy. They see you as very cautious, extremely careful, a slow and steady plodder. It would really surprise them if you ever did something impulsively or on the spur of the moment, expecting you to examine everything carefully from every angle and then, usually decide against it. They think this reaction is caused partly by your careful nature.

Under 21 Points: People think you are shy, nervous, and indecisive, someone who needs looking after, who always wants someone else to make the decisions and who doesn't want to get involved with anyone or anything. They see you as a worrier who always sees problems that don't exist. Some people think you're boring. Only those who know you well know that you aren't.
